DANIEL MARTÍNEZ MARQUÉS

+49 89 2180 4649 ◇ martinez@math.lmu.de ◇ danielmrtnz.github.io

Research Interests

My research lies in algebraic number theory, particularly special values of L-functions and equivariant class number formulae for Anderson t-modules in non-commutative settings. I am currently working with Donghyeok Lim on developing an interpretation of equivariant Euler factors of t-modules.

Academic Positions

- **Research Associate** (Wissenschaftlicher Mitarbeiter) **October 2026 – present**
  Ludwig-Maximilians-Universität München.
- **Teaching Assistant** (Profesor Ayudante) **January 2020 – August 2026**
  Universidad Autónoma de Madrid.

Education

- **Ph.D. in Mathematics**, Universidad Autónoma de Madrid. **2020 – 2027 (expected)**

  Thesis: *On equivariant special L-values of t-modules.*
  Supervisor: Daniel Macías Castillo.
  Defence expected: 8 January 2027.
- **M.Sc. in Pure Mathematics**, Imperial College London. **2019**
- **B.Sc. in Mathematics**, Universidad Autónoma de Madrid. **2018**

Publications

1. *The refined class number formula for Drinfeld modules*, with María Inés de Frutos Fernández and Daniel Macías Castillo. **Compositio Mathematica 162** (2026), 852–903.

Talks & Seminars

- *Equivariant Euler factors of t-modules.*
  Oberseminar Arithmetic and Algebraic Geometry, LMU. 16 December 2026 (scheduled).
- *The refined class number formula for Drinfeld modules.*
  Seminario de Teoría de Números, UAM & ICMAT. 15 January 2026.

Teaching Experience

Ludwig-Maximilians-Universität München (tutorials)

- **Linear Algebra:** B.Sc. in Mathematics. **2026/27**

Universidad Autónoma de Madrid (tutorials)

- **Algebra II:** B.Sc. in Physics. **2025/26, 2020/21, 2019/20**
- **Linear Algebra:** B.Sc. in Mathematics. **2025/26**
- **Sets and Numbers:** B.Sc. in Mathematics. **2024/25, 2021/22, 2020/21**
- **Mathematics II:** B.Sc. in Chemical Engineering. **2022/23**
- **Algebra and Geometry:** B.Sc. in Mathematics. **2022/23**
- **Calculus II:** B.Sc. in Physics. **2021/22**

Awards and Scholarships

- **Severo Ochoa Grant:** Introduction to Mathematical Research. **Summer 2018**
- **Erasmus+ Scholarship.** **2016/17**
